Benefit Information Specialist

Employee Network, Inc.

Job Title: Benefit Information Specialist
Reports to: VP of Benefits and Services

Location: Vestal, NY
Job Status: Salaried, Non-Exempt

eni – a national provider of Employee Benefit Solutions – is currently seeking a **Benefit Information Specialist** to join our team in Vestal, NY.

Position Overview:

Benefit Information Specialists provide solutions focused results for our client base of over 2 million employees nationwide. Working in a professional, fun, technology-forward, and innovative company – Benefit Information Specialists work with the employees of companies ranging from Fortune 500 organizations to local small businesses – answering and supporting a wide range of benefits support questions.

The ideal candidate will demonstrate:

- The confidence and capability to deliver “WOW” Customer service consistently and with tremendous enthusiasm
- The desire to work in an environment that encourages decisiveness, innovation, and always taking the extra step to provide a great solution
- An enthusiasm for having fun at work, while working hard.
- A commitment to ongoing professional and personal development and a natural curiosity about how to do things better.

Credentials/Preferred Experience:

Prior Experience in employee benefits, healthcare, insurance, or customer service is great but not required. Our company has a rich and diverse collective professional background and we love to add new experience to the team.

*Dynamic Solutions.
Genuine Relationships.*

eni has been a leading provider of Dynamic Benefit Solutions for over 30 years. Voted one of the Best Companies to Work for in NYS for the past two years in a row – we define our core values as:

- Deliver “WOW” through extreme customer service
- Practice Excellence in Process
- Contribute to a positive, fun environment
- Expand your knowledgebase
- Be flexible and innovative

Competitive Salary, Exceptional Employee Benefits, Company perks, and a commitment to our internal culture are just a few of the reasons to consider a job at eni.
