

Secure Your Talent

Furloughed* Employee Support Services

Your organization's competitive advantage is in your people. During these uncertain times, **Boomerang** will show your sustained support, keep you connected, and secure your talent.

FEATURES

Boomerang provides your Furloughed* employees needed support during these unprecedented times. Your employees will benefit from having free access during their Furlough* time to:

- Financial and Debt Guidance
- Professional Behavioral Health Counseling
- Telehealth access to Physicians
- Health Advocacy Services
- Virtual Concierge
- E-learning Courses (over 300 courses)
- Child Care Referral/Resources
- Elder Care Services
- COVID-19 Tool Kit - (The New Now)
- Return to Work Guidance
- Downloadable App/Web Portal

BENEFITS

- ▶ **Financial Support Resources**
Provide your furloughed employees with a financial support system that will help them address their personal challenges during uncertain times. Not only are you showing your support, but also increasing the likelihood of them returning to your workforce.
- ▶ **Virtual Access**
Employees can access services such as Telehealth, Behavioral Health Counseling and submit requests for personalized assistance any time, any place, 24/7 online or through the mobile app.
- ▶ **Total Wellbeing Services**
Uncertainty during time away from work hits us all differently. **Boomerang** has a solution for whatever your employees might be going through.
- ▶ **Talent Retention**
70% of employees say that benefits customized to their needs would increase their loyalty to their employer. Show them your support by providing them resources during this challenging time.

**The term "furlough" applies to all types of inactive employees you intend to have return to your workforce, such as employees who are laid off, on leave, or furloughed.*

BOOMERANG SERVICES

Financial and Debt Guidance

Consultations, resources, and tools to help employees manage their money as effectively as possible while furloughed, as well as how to work with creditors until they are back on their feet.

Professional Behavioral Health Counseling

Telephonic or virtual counseling is available to assist employees dealing with the anxiety, stress, grief, and other emotions resulting from being furloughed. Effective coping mechanisms and management strategies are just a phone call away.

Telehealth access to Physicians

Access to quality, remote medical care via **MeMD**. Eliminate the stress of copays or expensive urgent care visits.

Health Advocacy Services

Assistance for employees facing mounting medical bills. Our experts can assist with billing, claims, appeals, and benefit education now and during turbulent times.

Virtual Concierge to provide individual everyday solutions

Let us provide child care and elder care options for your essential workers so they can come to work focused on the task at hand. Our experts can assist with homeschool resources, and even plan your vacation once the stay-at-home orders are lifted.

E-learning Courses (over 300 courses available)

Displaced employees can take online courses to maintain or earn certifications or complete skill based development until they return to the office.

Child Care Referral/Resources

We will assist with resources and tools to help adjust to changing childcare needs, including tips for supporting distance learning, or resources for childcare when programs are closed.

Elder Care Services

Connecting employees with quality elder care services to keep older relatives safe and infection-free when they can't be right there to help.

COVID-19 Tool Kit

Up-to-date resources and information for your employees to help them plan beyond the pandemic. Updated weekly, this resource keeps your employees armed with reliable and relevant information they can use as they prepare to return to work.

Return to Work Guidance

Tools, tips, and resources to help your employees prepare for their safe return to the workforce.

Downloadable App/Web Portal

With around the clock, immediate access to an entire suite of integrated services via a user-friendly mobile app and web portal, employees can rev up for their return to the office and getting back into being a productive member of your workforce.
